

SINCE 1997

**SRI LUXMI TULASI**  
**Agro Papers Pvt Ltd**

**Crafting a Profound Future through  
Sustainable Paper Solutions**

**We prioritize sustainability by implementing energy-efficient technologies and engaging with communities to promote environmental awareness and conservation efforts. Our commitment aims to inspire greener practices in the industry for a more sustainable world.**

# ABOUT US

**Sri Luxmi Tulasi Agro Paper is an inspired and responsible company with strong values and it stands as a prominent manufacturer of recycled paper, renowned for their superior quality and performance since 1997.**

**Nestled in Aswaraopet, Bhadradri Kothagudem District, Telangana, we have curated a diverse product range, specializing in premium writing and printing paper, News print and packaging grades with a total installed capacity of 650 TPD. Our Offerings cater to various industries like Corrugated box manufacturers, Paper Core and cone manufacturers, Laminate Industry, print media, publishers and note book manufacturers.**

**Fueled by a dedicated workforce and steered by visionary leadership, our company thrives on a robust work ethic and a clear strategic direction. At SLTAP, our core objective remains steadfast: to consistently deliver top tier paper products punctually, while continuously refining our processes, products and services through technological advancements to ensure utmost customer contentment**

## VISION

Our vision is to be a global leader in sustainable recycling and paper manufacturing, transforming waste into opportunity. We aim to set new benchmarks in product quality and service excellence, delivering exceptional value to our partners and consumers while leading the industry in innovation and sustainability.

## MISSION

Our mission is to cultivate an organizational culture that fosters excellence through visionary leadership. We are dedicated to serving our customers and consumers with passionate people who deliver consistent, high-quality paper products in a safe and sustainable manner.

# WHAT MAKES US UNIQUE

# ?

We are committed to delivering high-quality products, aligned with industry standards. At Sri Luxmi Tulasī Papers, our integrity and transparency showcase our dedication to excellence. We pride ourselves on meeting diverse customer needs and leading in packaging solutions both in India and globally.

# INFRASTRUCTURE

Our facility spans 70 acres, making it one of the largest single-location plants in the country dedicated to utilizing recyclable paper waste. With an annual production capacity of 225,000 tons, we operate four advanced paper machines, deinking plants, and an in-house captive power plant with a capacity of 16 MW.

White grades, including writing, printing paper, and newsprint, are produced on PM1 and PM2, supported by two independent deinking plants from industry leaders Voith and Kadant. Brown grades, such as corrugated packaging paper, absorbent Kraft, core board, and wrapping paper, are manufactured on PM3 and PM4, with a pulp mill supplied by Voith.

All four paper machines are state-of-the-art, equipped with DCS and QCS systems by Valmet, ensuring efficient operations and precise quality control. Our mill is staffed by highly skilled production teams capable of meeting the growing demand for a diverse range of paper products.

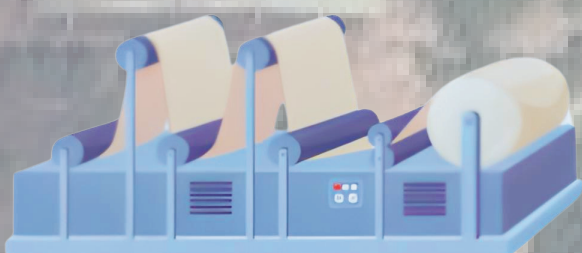

### Paper Machine Deckles (Trimmed Paper width):

#### WRITING PRINTING AND NEWS PRINT

- PM 1: 215 cm
- PM 2: 320 cm

## OUR QUALITY

**Our core focus is on product quality. All goods undergo rigorous inspections at every production stage. Before market release, our QA team double-checks each product. Everyone at sri luxmi tulasi papers, from leadership to staff, strives for perfection. We ensure only the best materials reach our customers.**

# ENVIRONMENTAL POLICY

At SLTAP, environmental consciousness and conservation are given utmost importance. We believe it is our responsibility to continuously strive to minimize the environmental impact of our operations. Our company has invested heavily in cutting-edge European technology and has been constantly upgrading its facilities to reduce the environmental impact of our manufacturing discharge. As one of the few recycled paper mills in India authorized by the Pollution Control Board to discharge treated effluent water, combined with our state-of-the-art ETP facility, we ensure our paper is odor-free.

All paper products offered by SLTAP are FSC Certified as FSC Recycled 100%, underscoring our commitment to responsible forestry and environmental conservation. By manufacturing 100% recycled paper, we are fully committed to minimizing the environmental impact of our operations and promoting eco-friendly
